

Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer

Project Testing Phase:

Phase Overview:

The completed workflow was tested by placing a Standard Laptop request through the Service Catalog.

Activities:

- Open Service Catalog and select Hardware.
- Select Standard Laptop and click Order Now.
- Open the Request Number and review the request.
- Open the Approvers section and approve the request.
- Open the Requested Item record.
- Open the Catalog Tasks section.
- Verify the updated task status, Short Description, and Assignment Group.
